Message

For someone who claims to be a victim of physical violence and also gang stalking and street threaten I think this message is highly concerning and someone should tell the police and authorities and if I can't report this crime to police then their oversights at IBAC and ICAC

I'm sick of my life being threatened all the time and that of my dog.

No one will do anything about it-not even those paid to care for me Alex Aboss and Baber rasheed.

Why do you think he told you that
and how did he connect with you and
what am I who am I and where am I

So why are you trying to pursue de

Read 10:31 pm

I'll say it again: this is a death threat to kill my dog.

Yesterday a bloke pulled up hit out and surprised me walking my dog crystal.

He startled me.

I said sorry you startled me.

He said with intention: "nice looking dog", to which I knew I was in danger and nervously replied: "yeah she's awesome"

I said "having a good day?" He replied: "any day not dead is a win" eyeing off my dog and I as I was lied past.

When I got home, there was a toothbrush in my driveway I didn't notice before

It was then as I was looking at it that crystal picked up something out of the garden.

Panicking it might be poison, I grabbed it out of her mouth.

There are SIX HUNDRED YouTube videos calling out powerful people of mine on a whistleblowing channel.

Those people know people.

And they have malice intelligence and they want revenge.

I'm about to get out of the area and head bush. The 5g is turned on now and I'm suffering ramifications of the activation of the vaccine I mistakenly voluntarily made.

1:58 PM

How do you know my name BazDod

Read 4:11 PM

Seems to be targeted amongst the inside command. Along with Netherzone. I dont know where they have moved their base too

4:19 PM

Say something...

This government contractor mentions my Wikipedia username "bazdod" and the cryptic term "nether zone"

Nethersone was the name of the person that deleted my Wikipedia whistleblowing posts on that international publishing platform.

It reveals a coordinated attack on me which is intelligent, and it seeks to silence me as a rejected whistleblower

Oh really

What do you do?

What happened to your nose?

They are outside now they're
watching me publish the evidence

Delivered 7:44 PM

Hey there buddy what's goo...

Say something...

This is me after being violently beat n uo by a paid government contracted thug inside a hospital. The hospital and the police were in on it.

What the actual fuck is going on here?

I'm in a violent conspiracy to pervert the course of justice and its placing my life and the life of my dog at existential risk

I want a home and I also want to get the fuck out of here

Report it to the ndis

Report it to the police

Report it to the news

One things for sure

If my providers aligned community care and support coordinators upscale care don't immediately address this it's not going to go down well at NCAT whatsoever

Why are you all doing this to me placing my life at existential risk?

Why?

You think you're better than me?

You're protected?

I've a good mind to create a YouTube channel video today and Shane all of your arses

I want something to be done

I deserve protection

The police won't do it

It's driving me insane

I've said it once I've said it before I'm going to be killed

What's wrong with you people???

NCAT? What do you think?

VOCAT? You're staffed by ex cops aren't you? Why won't you do something?
