1 Getting in Touch

These are the contact details if you have any questions about your bill, payment arrangements or if you're moving house.

2 Faults and Emergencies Number

This number will connect you directly to the network company responsible for the poles and wires in your area. Call this number to report an emergency, outage or a loss of electricity supply at your property.

3 Account Number

If you have any questions about your account, quote this number to help us find your details.

4 Due Date

This is the date your bill is due. You must pay by this date to receive your Early Bird Discount (EBD), if applicable.

5 Your Usage Detailed

This section summarises your average daily costs and usage for the specific billing period (split into peak, off peak and shoulder use and step tariffs, if applicable). It also shows your previous year's usage and the greenhouse gas emissions associated with your electricity consumption.

6 Transactions on your Account

This section shows any credits or debits since your last bill and the new charges and credits relating to this billing period.

7 Early Bird Discount

This is the discount amount you will receive if you pay your bill by your due date, if applicable.

8 Paying Your Account

Pay your bill the way you want. This section explains the various payment options available to you.

9 Amount Due After Due Date

Pay this amount if you're paying after the due date.

10 Amount Due On or Before Due Date

Pay this amount if you're paying before or on the due date.

11 Direct Debit

If you are on Direct Debit or a different payment arrangement, this will appear in your payment slip section. The date the amount is due and will be debited from your nominated account will be shown here.

Understanding your Lumo Energy electricity bill

12 Supply Address

This is the physical address for your specific property that this bill relates to. This address may be different to the postal address that your bill is sent to.

13 Next Expected Meter Reading

This section advises you when your meter is next due to be read (within two business days) and the bill should follow shortly afterwards. If you have a smart meter, this will be read remotely. **Your distributor needs safe and easy access to your meter in order to get an actual meter reading.**

14 Payments

Shows details of any payments received since your last bill.

15 Usage Comparison

This table compares your energy usage (on average) to other households in your area (for residential electricity accounts only).

16 Your Billing Period

The start and end date of the current billing period and the number of days you have been billed for.

17 NMI

Your National Metering Identifier (NMI) is a unique number assigned to the electricity meter/s at your physical address and is used to track your usage.

18 Electricity Charges

This outlines your rates, the amount of electricity (kWh) used in the billing period (this can sometimes be estimated) and your service to property charge. The Service to Property Charge is the daily cost that is charged to supply your property with electricity.

19 Concessions

This section takes into account any concessions you might have, if applicable.
