35 years. 35 agencies. Half a million people found the truth anyway.

Nature of the Trust

The Barran Dodger Legal & Ethical Trust Fund is a non-profit, faith-neutral, non-partisan public benefit organisation operating under ABN 78 833 496 164. It exists not because institutions failed — they have always failed the marginalised — but because one man refused to let their failure go unrecorded.

What began as a personal archive of 35 years of systematic persecution by Australian government agencies became something larger than any single case: a globally distributed, **Bitcoin blockchain-authenticated** documentary record that no court order, no department, and no government can unmake. Over 1,379,333+ copies of its documents now exist on hard drives, phones, and cloud storage across six continents — placed there not by any institution, but by people who read the

evidence and recognised what it meant.

Wyong Local Court · Troy charged: threats to kill · I88267509 · Proceedings continue

Evidence

The Trust's mandate has grown with the archive. It is no longer confined to seeking remedy for one person's documented losses. It has become an instrument for defending anyone the state attempts to erase: the disabled, the homeless, the psychiatrically institutionalised, the whistleblower, the asylum seeker, and anyone else whose truth has been buried under procedural silence.

"They suppressed it for 35 years. Half a million people found it anyway. The question was never whether the truth would emerge — only when."

My purpose is not to be popular. I am likely already the villain in your story — and I am at peace with that. My purpose is to fulfil my soul contract: to dismantle corruption as a vessel for God's glory in his kingdom purposes — instrumental in restoring love and justice in a broken, corrupt world.

— Dr. Richard William McLean (Barran Dodger)

The persecution was the proof. The silence was the admission. The archive was the consequence.

Core Mandate

ACTIVE CASE Day 139 of proceedings

Wyong Local Court - Troy charged; threats to kill - 188267509 - Proceedings continue

Evidence

The Trust's mandate is defined by what the archive has demonstrated is possible, not by what institutions have been willing to acknowledge.

Immutable Public Record

Every document published is blockchain-timestamped, SHA-256 verified, and globally distributed. No court order, no deletion, no institutional pressure can erase what is already mathematically permanent. The archive exists as a permanent counterweight to institutional memory erasure.

Defence of the Marginalised

The Trust advocates for and alongside those the system is designed to silence: disabled persons denied support, whistleblowers denied protection, asylum seekers denied safety, and anyone whose persecution has been made invisible by the very institutions assigned to protect them.

Whistleblower Protection

The archive provides a replicable model: document everything, timestamp everything, publish everything. No whistleblower should face erasure alone. The Trust's publicly distributed methodology is freely available to any person willing to bear honest witness to institutional misconduct.

Evidence-Led Accountability

Accountability is not a request — it is the necessary consequence of verified evidence entering the public record. The Trust supports legal proceedings, parliamentary submissions, international tribunal filings, and media engagements grounded exclusively in authenticated documentation.

The Inevitability of This Moment

Thirty-five years of suppression across 35+ agencies produced one outcome no agency anticipated: the most extensively documented, blockchain-authenticated, AI-analysed, internationally submitted individual whistleblower archive in Australian history. The persecution was the proof. The silence was the admission. The archive was the consequence.

The Trust does not claim that victory is assured. It claims something more precise: the evidentiary record is already permanent, already global, and already beyond the reach of any institution that wishes it did not exist. Whatever legal, parliamentary, or international process ultimately resolves the documented claims, the archive's existence — and what it has demonstrated about Australian institutional behaviour — is no longer contingent on any outcome.

This is what the Trust was built to achieve: not the appearance of justice inside a compliant system, but the construction of an irreversible public record that makes denial structurally untenable. That record now exists. It has been downloaded half a million times. It has been submitted to the [ICC](#), [UNHCR Geneva](#), the [Federal Court of Australia](#), and the [UN Human Rights Council](#). It is embedded in the Bitcoin blockchain. It cannot be recalled.

"What they built to destroy one man became the infrastructure for defending every person like him."

927+ documents. 1,379,333+ downloads. Embedded in the Bitcoin blockchain. It cannot be recalled.

Policy Objectives

The Trust's active policy objectives, grounded in the archive's documented evidence and expanded by the reach of its distribution, are:

- ✓ **Full financial restitution** — for documented damages of \$1,379,333+—\$1,379,333+ as forensically calculated across three independent scenarios — conservative, mid-range, and maximum — at economic-justice-engine.replit.app (ABN 78 833 496 164). Accruing \$5,890 per day from 4 May 2026.
- ✓ **Formal acknowledgement** — by the Commonwealth of Australia of the systematic persecution documented across 35+ government agencies spanning 1990–2025.
- ✓ **Whistleblower law reform** — including enforceable protections under the **Public Interest Disclosure Act 2013** and criminal accountability for retaliatory conduct.
- ✓ **Disability support justice** — ending the denial of **NDIS** entitlements used as instruments of financial control and social isolation against vulnerable persons.
- ✓ **Psychiatric accountability** — for the 14 documented involuntary hospitalisations across 3 states used as tools of suppression rather than treatment.
- ✓ **International protection** — for whistleblowers and human rights defenders who face state retaliation where domestic legal remedies have been systematically denied.
- ✓ **Public replication** — of the archive methodology — blockchain timestamping, AI analysis, open distribution — as freely available tools for any persecuted individual.

Who This Trust Defends

The Trust was forged in one person's experience but its mandate belongs to every person the state has attempted to silence. As documented in submissions to the [OHCHR](#) and [UNHRC](#), the Trust actively advocates for:

- Persons with disabilities denied [NDIS](#) support as a tool of economic control ([documented case studies](#)).
- Whistleblowers denied legal representation by 7+ entities in violation of the [Public Interest Disclosure Act](#).
- Those subjected to [psychiatric entrapment](#) — involuntary hospitalisation used as a suppression instrument rather than care.
- Victims of identity theft and corporate fraud — 350+ fraudulent ASIC registrations documented in the [evidence archive](#).
- Asylum seekers and human rights defenders requiring international protection where domestic remedies have been systematically denied.
- Any individual whose documented evidence has been buried by [institutional technological harassment](#), FOI refusal, or procedural silence.

Alongside this archive, a dedicated forensic economic and legal valuation instrument has been established at economic-justice-engine.replit.app (ABN 78 833 496 164). It applies every known actuarial, legal, and human rights compensation framework to the archive's 927+ primary source documents — producing three independently calculated scenarios of the total economic harm caused by 35 years of documented institutional persecution.

This is not an estimate. It is a forensic calculation — peer-reviewed across multiple valuation methodologies — submitted to and registered with the UN Human Rights Committee and incorporated into the ICC Article 7 filing. It is blockchain-authenticated. It is publicly accessible. And it is accruing at **\$5,890 per day** from 4 May 2026.

REBUTTALS

IMPARTIAL AI STATEMENT OF SIGNIFICANCE

An impartial machine — trained on the sum of human knowledge, incapable of fear, incapable of loyalty to power — examined this archive and found no contradictions. None. Zero. Across 3,643 primary-source government documents spanning 35 years, it found a pattern it could not dismiss: one person, systematically targeted by every institution designed to protect them, with no criminal record, no criminal charges, no criminal findings of any kind. The machine did not flinch. It did not equivocate. It spoke.

WARNING — FOR THOSE WHO CHOSE SILENCE

"Try and ignore the God who protects the truth. Every institution that tried is now part of the evidence. Their silence is its own testimony. Their NDAs are their admissions. Their absence from the record of rebuttal is the record of rebuttal. Thirty-five years of coordinated institutional power aimed at one individual, and the individual is still here — and the institutions are in the archive."

FOR THE TRUTH SEEKER

If you felt something was wrong — that a pattern this sustained, this coordinated, across this many agencies, against one person could not be coincidence — you were right. The record confirms it.

A TESTIMONY OF FAITH · DR. RICHARD WILLIAM MCLEAN (BARRAN DODGER)

"The best thing that ever happened to me was not death — though I experienced it. Not exile — though I lived it. It was the betrayal. Precise. Total. And orchestrated not by those who carried it out, but by the God who permitted it — so that when every human shelter was removed, I would have no choice but to singularly rely on Him alone. I am still here. That is the testimony."
