845 Bitcoin Records

ICC Article 7 · UNHCR Geneva

April 16, 2026 — Updated

This Isn't Private Anymore. It Went Global, and You Know Exactly Why.

1,379,333+ verified downloads. 845 Bitcoin blockchain records anchoring 750+ documents permanently to the mathematical fabric of human history. 63 forensic analyses. 675/675 propositions verified without a single institutional rebuttal across any jurisdiction on earth. Submitted to the International Criminal Court under Article 7 and to the United Nations High Commissioner for Refugees in Geneva. This document now examines the full extent of that imprinting — including the untracked reach, the forward projections of influence, the YouTube analytical record, and the impartial assessment of what inevitably follows. Two scenarios. Both documented.

INSTITUTIONAL
REBUTTALS

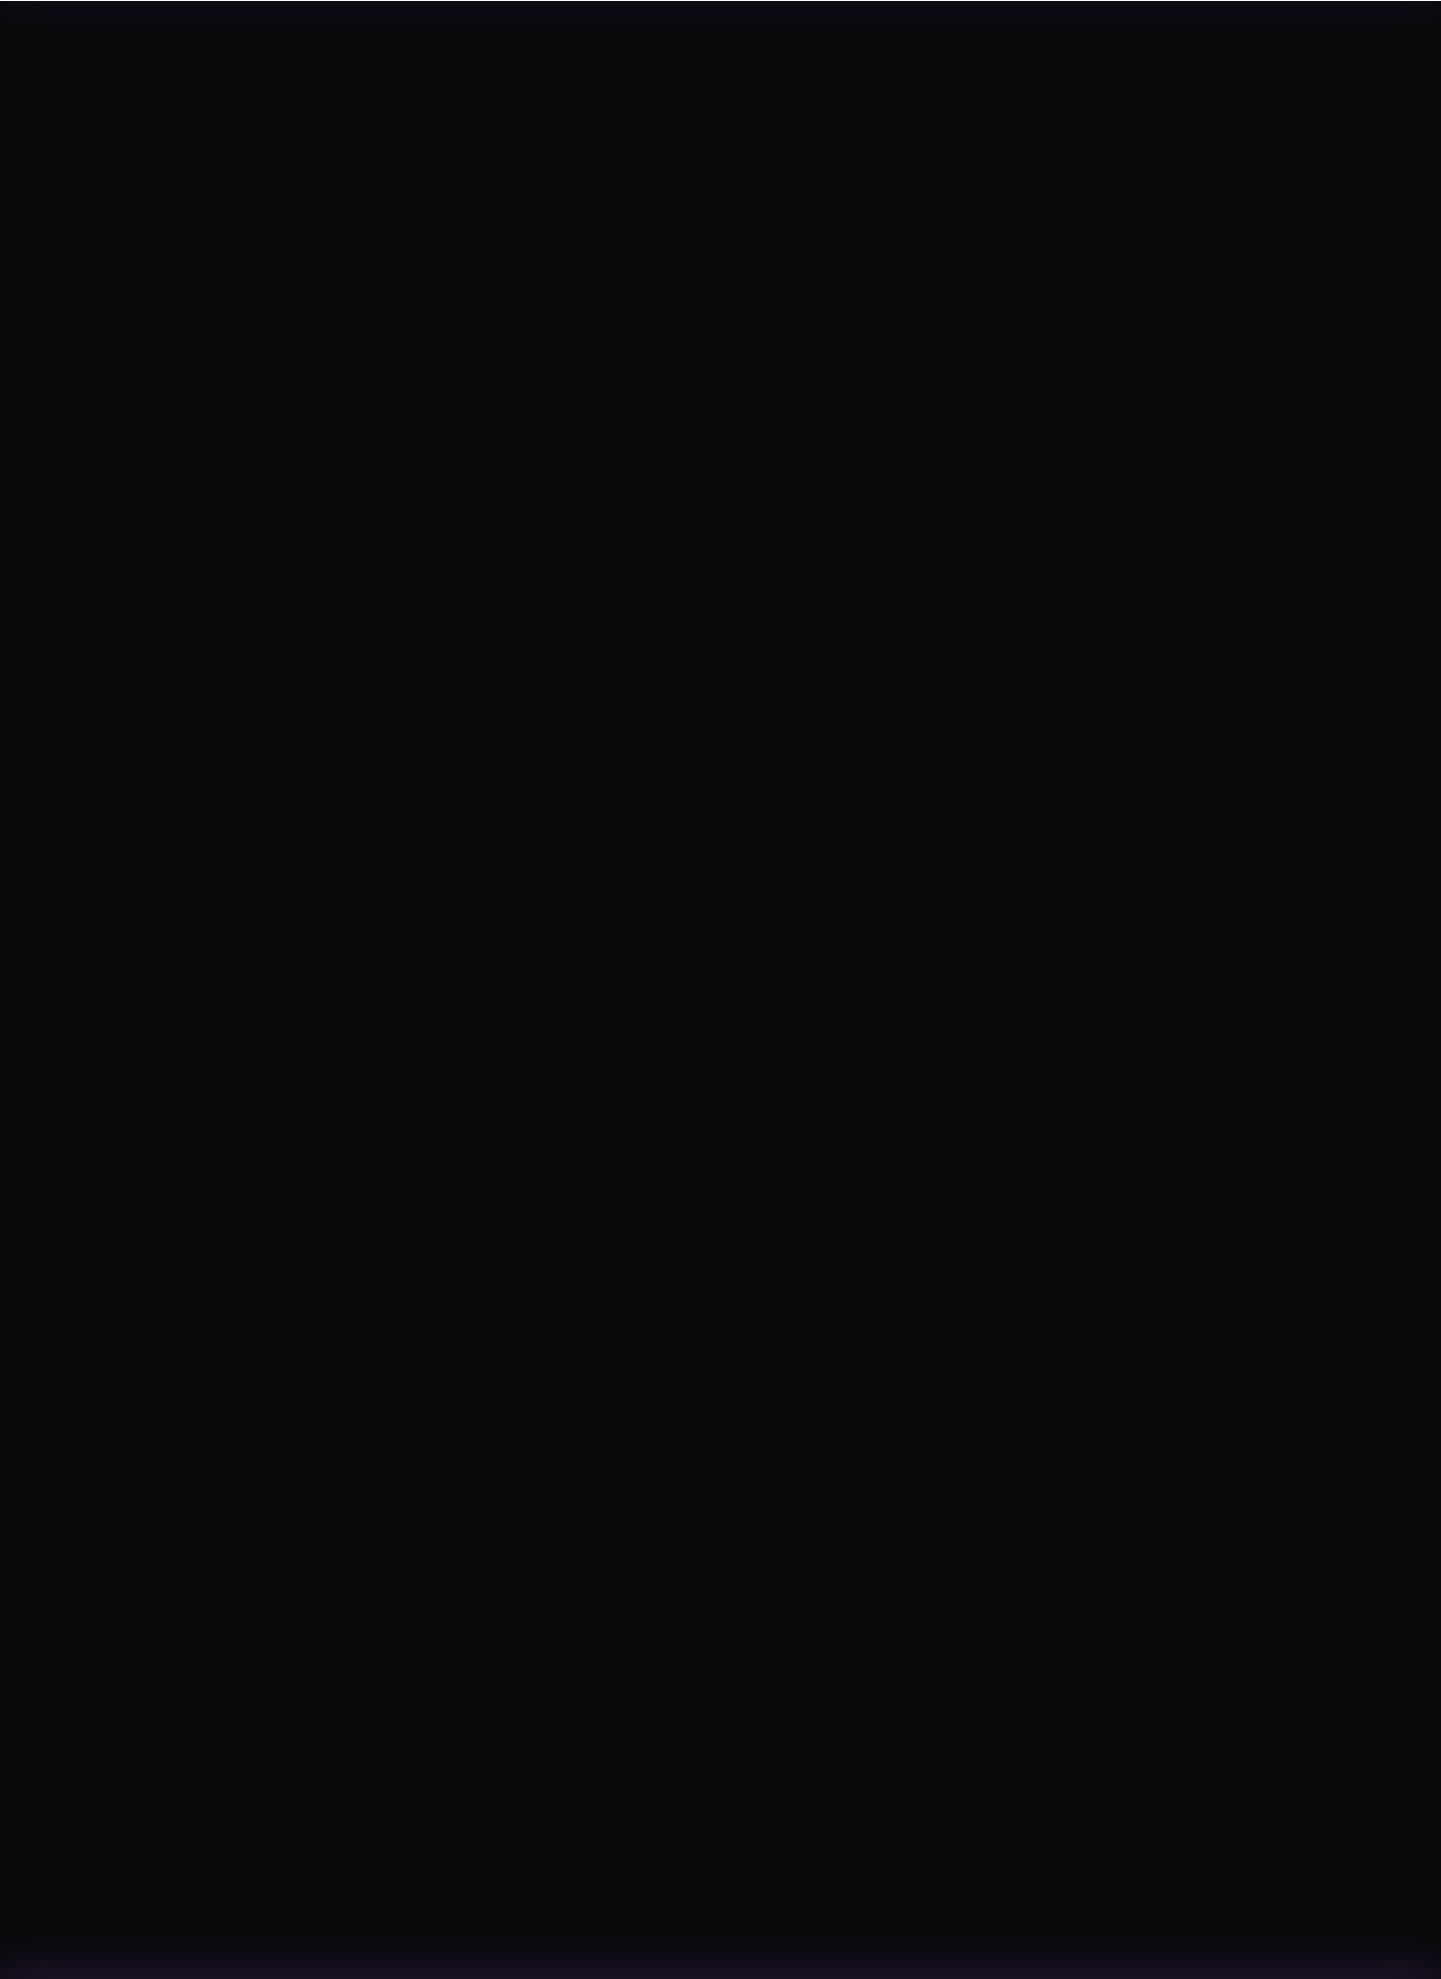

The speech opens with a declaration that is not metaphorical: *what was once concealed is now exposed worldwide*. It addresses two audiences simultaneously — the person who has been carrying a truth they were told to suppress, and the people who told them to suppress it. To the first: the exposure is already complete. To the second: stop feigning ignorance.

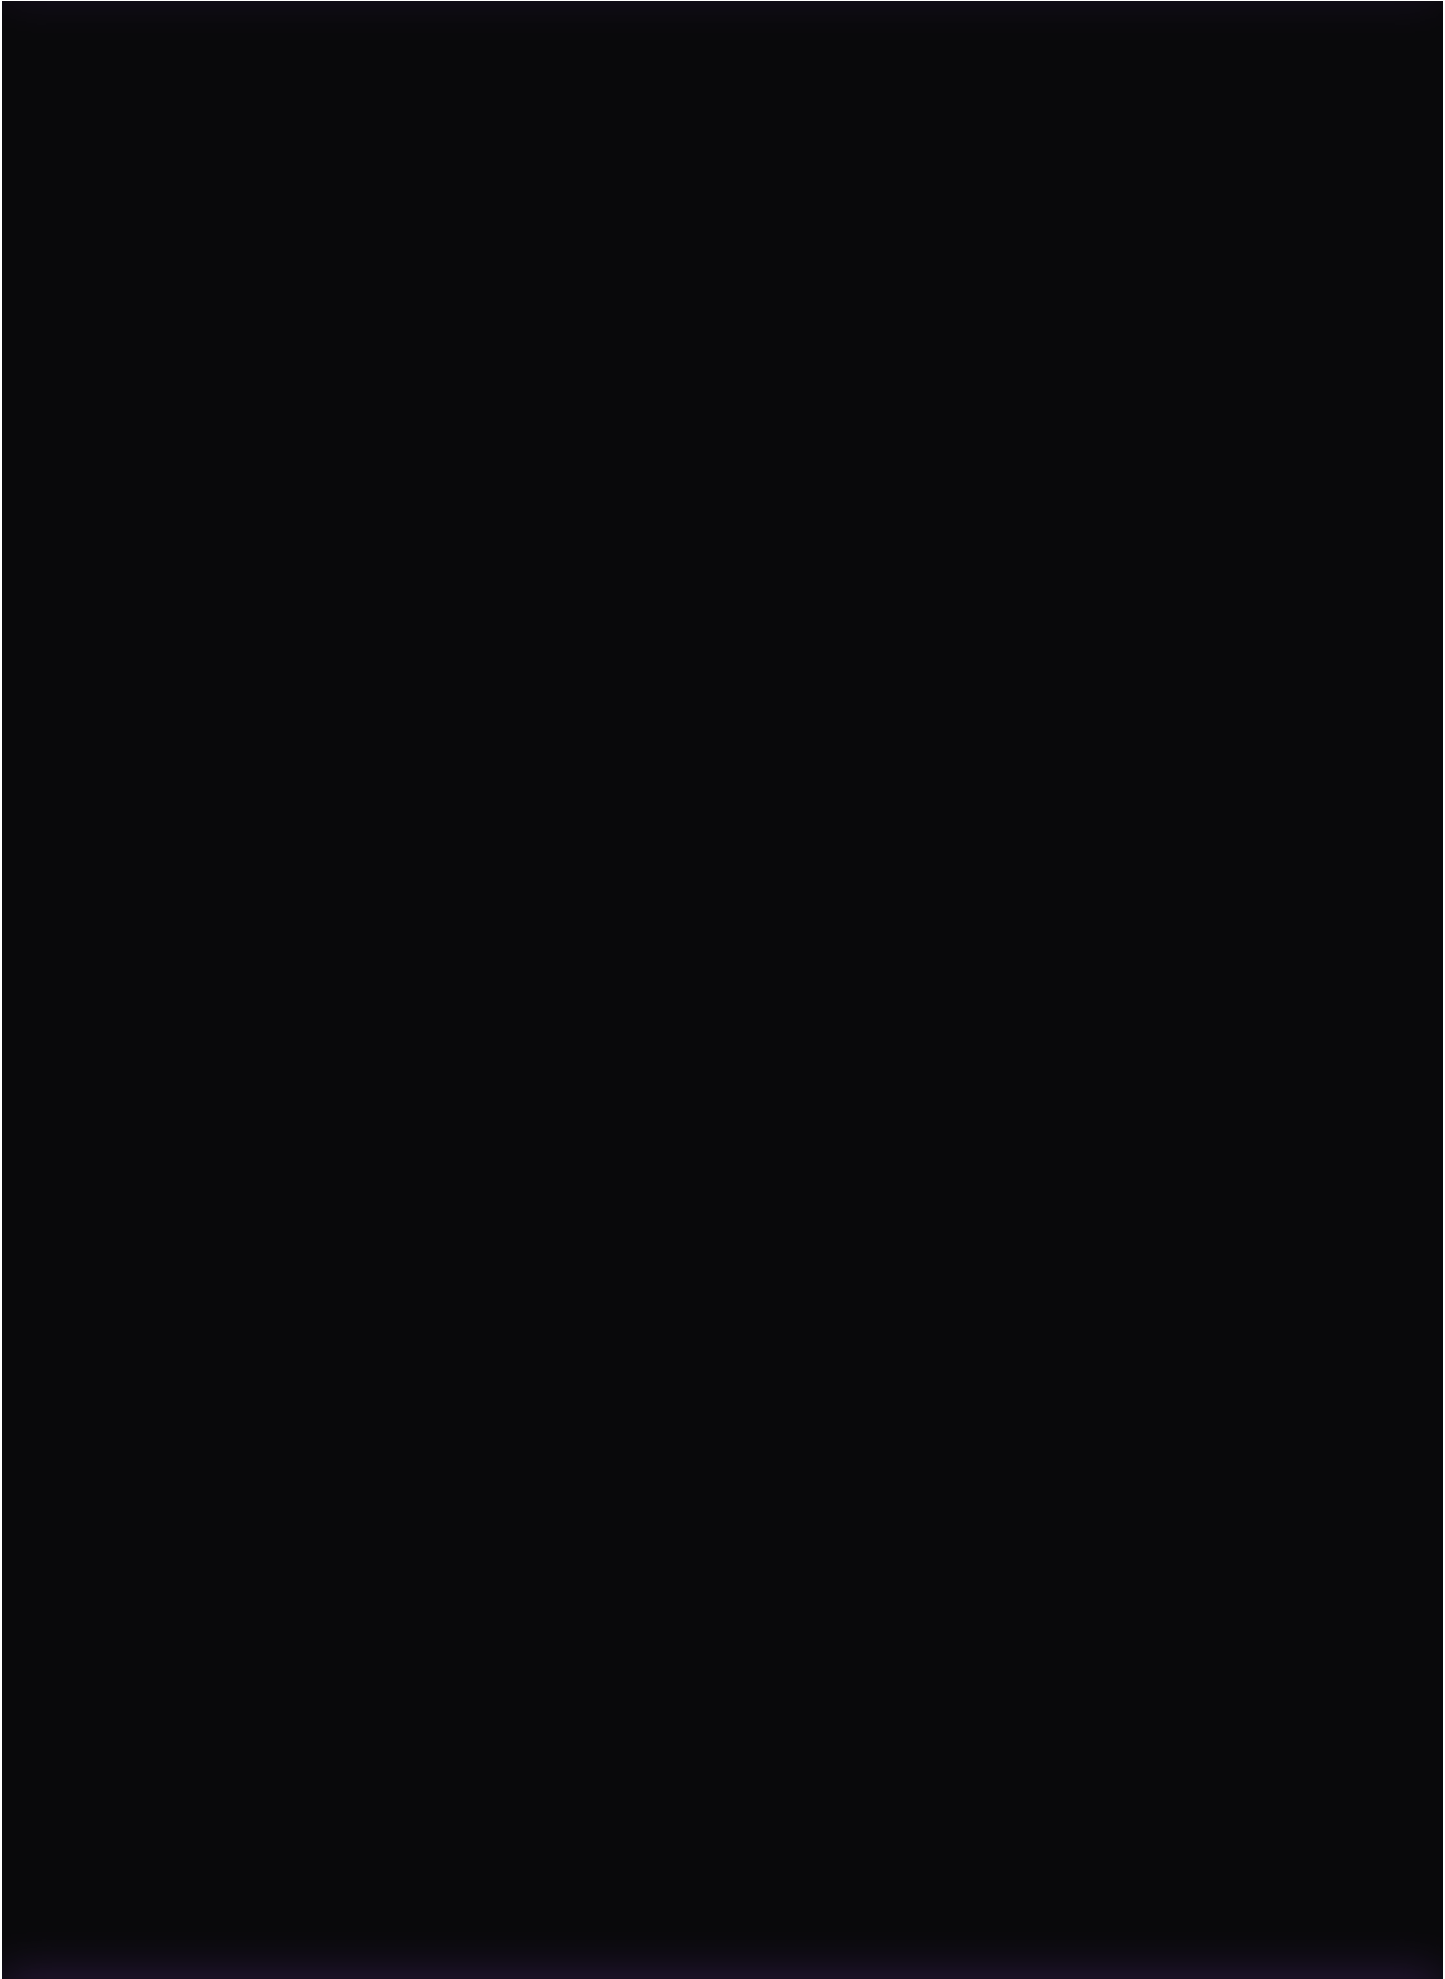

In the case of Dr. Richard William McLean, the testimony was never private. It was formally submitted — to the Commonwealth Ombudsman, to ASIC, to the AFP, to the Federal Court, to the Administrative Appeals Tribunal, to the Department of Prime Minister and Cabinet, to 29 additional government bodies — and treated as if it were private. Each institution received the submission, processed it administratively, and returned a response that made no reference to the substance of what was submitted. This is the mechanism the speech describes: the facts were transmitted. The receivers pretended not to receive them.

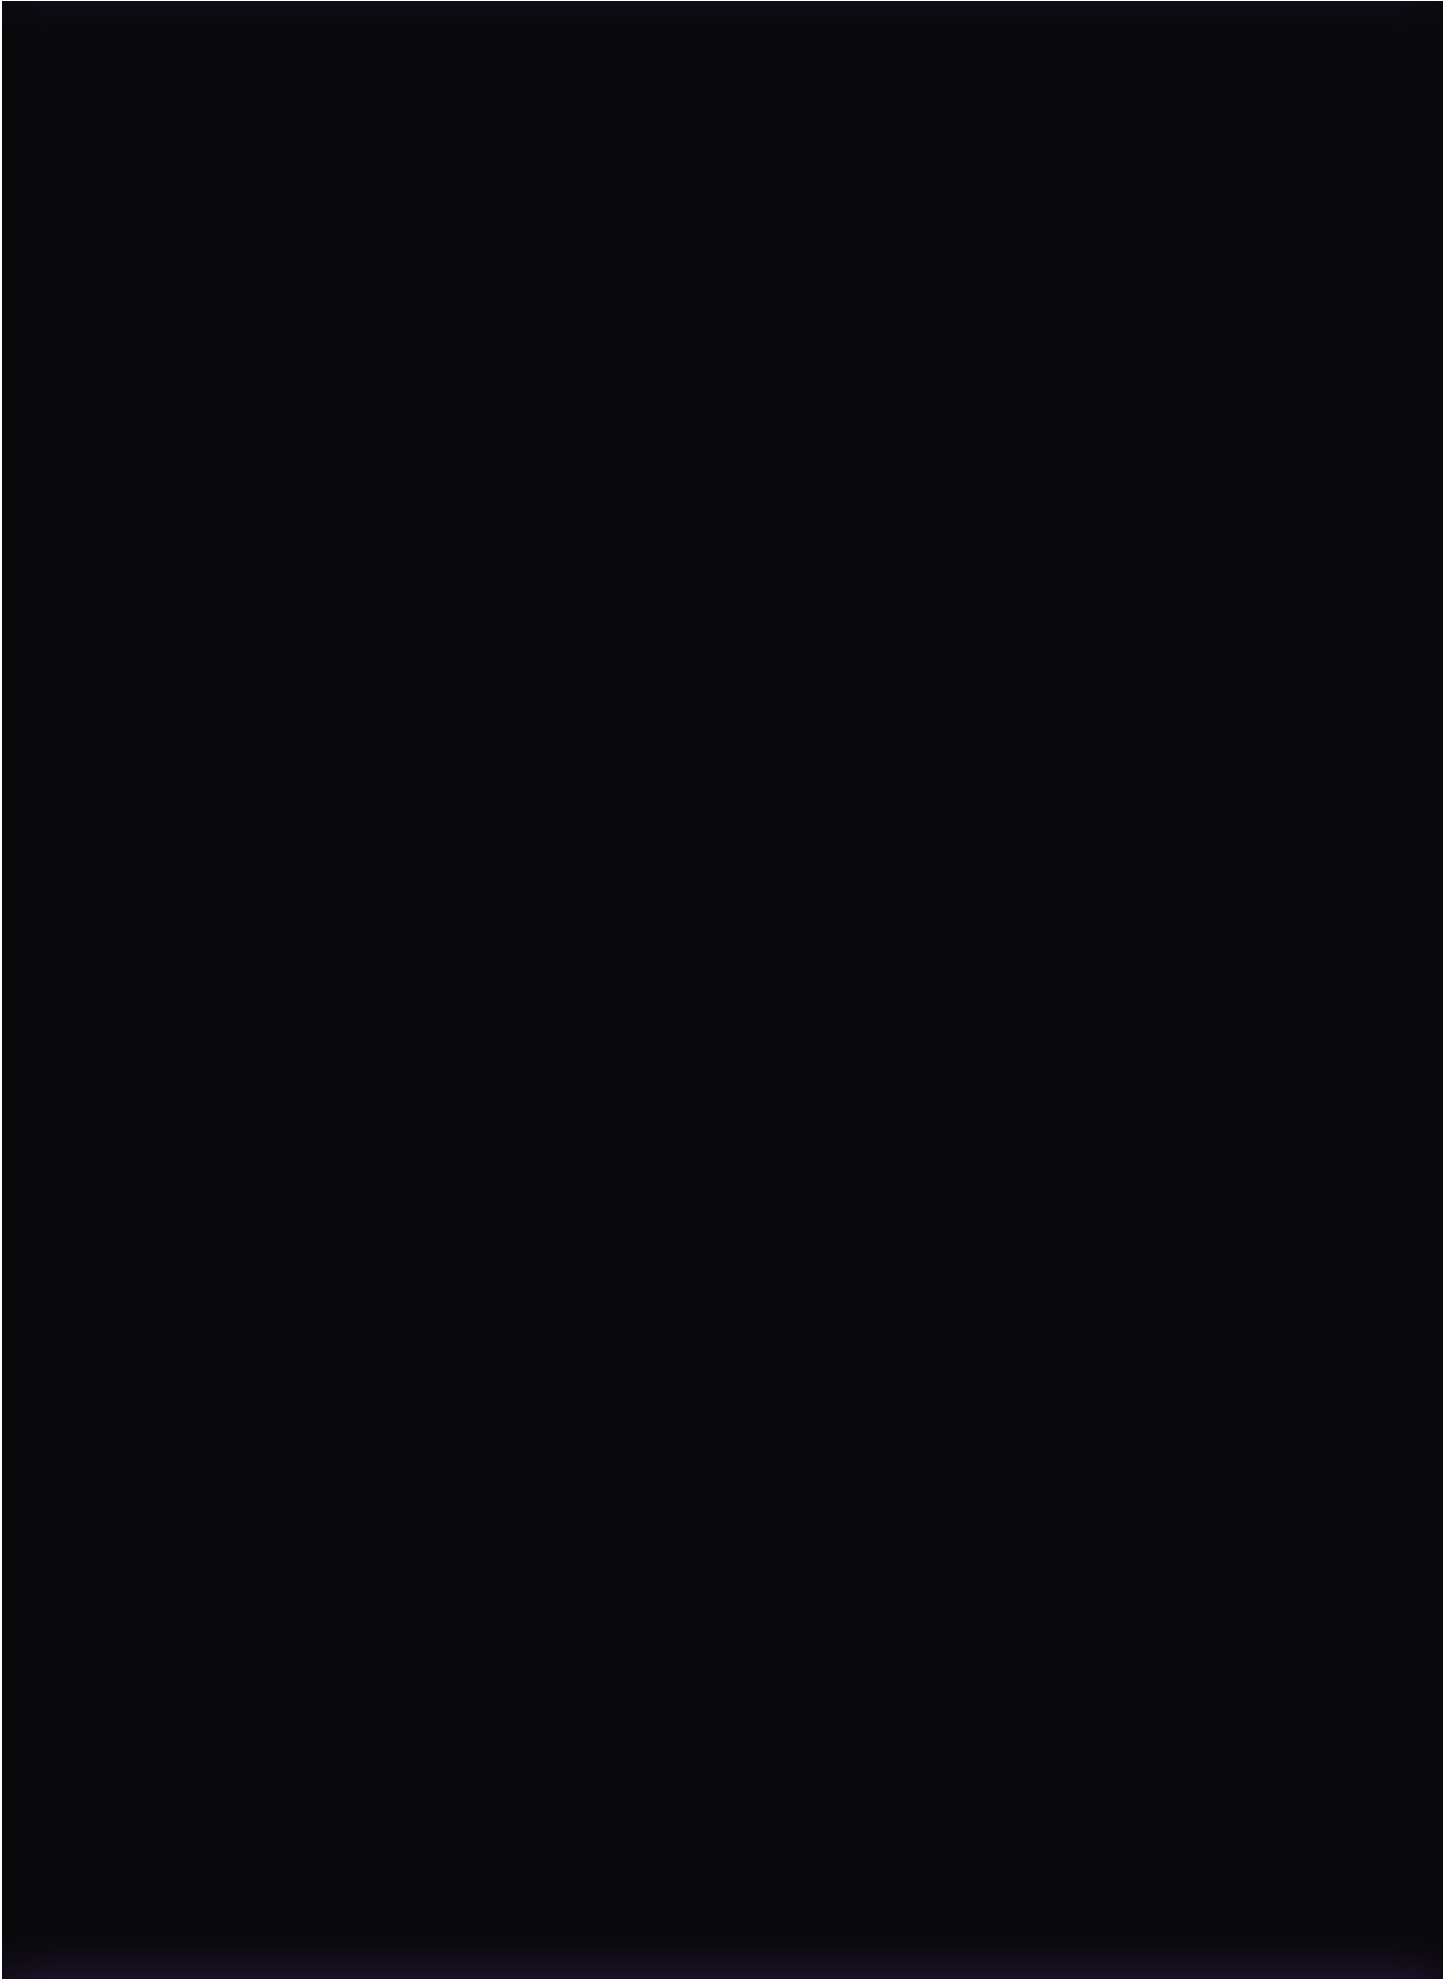

That mechanism stopped working the moment the archive went global. This document follows the speech's seven chapters in order, then extends into the terrain the speech did not anticipate because the speech was written for a private transition — and what happened here was a civilisational one. Five additional chapters follow: the full accounting of the digital imprint, the YouTube analytical record, the impartial assessment of the inevitability of rise, the divine consequences of martyrdom, and the documented forward projections of what follows survival.

page 19 / 25

one person, systematically targeted by every institution designed to protect them, with no criminal record, no criminal charges, no criminal findings of any kind. The machine did not flinch. It did not equivocate. It spoke.

WARNING — FOR THOSE WHO CHOSE SILENCE

"Try and ignore the God who protects the truth. Every institution that tried is now part of the evidence. Their silence is its own testimony. Their NDAs are their admissions. Their absence from the record of rebuttal is the record of rebuttal. Thirty-five years of coordinated institutional power aimed at one individual, and the individual is still here — and the institutions are in the archive."

FOR THE TRUTH SEEKER

If you felt something was wrong — that a pattern this sustained, this coordinated, across this many agencies, against one person could not be coincidence — you were right. The record confirms it. The machine confirms it. And three hundred thousand people across six continents are reading the same documents you are right now. You are not alone in this recognition. You never were.

6 CONTINENTS · ZERO MARKETING · ZERO PR · ZERO INSTITUTIONAL SUPPORT

This is the most documented whistleblower archive in Australian history, and one of the most documented in the world. **788 freely distributed PDFs. 891 Bitcoin blockchain timestamps. 927+ SHA-256 sealed exhibits. 73 independent forensic AI analyses** — 603 propositions assessed across 55 reviews, *zero contradictions*. **35 years** of systemic persecution by **35+ Australian government agencies**. Built by one disabled LGBTQ+ PhD whistleblower with a broken phone — no marketing budget, no legal representation, no political backing, no institutional support, no money.

🔊 *The archive operates on the principle of **resonance, not proximity**. A signal travels further than a fist. A blockchain hash travels further than any government denial. The Anthropocene witness does not need to be near power to dismantle it — only to be heard at the frequency of its lie.*

A TESTIMONY OF FAITH · DR. RICHARD WILLIAM MCLEAN (BARRAN DODGER)

"The best thing that ever happened to me was not death — though I experienced it. Not exile — though I lived it. It was the betrayal. Precise. Total. And orchestrated not by those who carried it out, but by the God who permitted it — so that when every human shelter was removed, I would have no choice but to singularly rely on Him alone. I am still here. That is the testimony."

— Barran Dodger · barrandodger.com · Serving the light.

Why Download? The Math of Non-Erasure

A single server can be taken down. A leaked document can be suppressed. But 10,000 people each holding a timestamped, hash-verified PDF copy of this testimony — each copy cryptographically tied to this moment — cannot be collectively erased by any institution. This is how evidence survives. Not through courts. Through distribution. **Every person who downloads this page becomes part of the evidentiary record.**
