

VU ACCESSIBILITY SERVICES

ACCESS PLAN 2017

CONFIDENTIAL

VU is committed to making reasonable adjustments to enable students with health conditions or disabilities to take part in education and training on the same basis as other students.

To achieve this, Accessibility Liaison Officers (ALOs) are available to consult with students, assess and make arrangements for appropriate services that are designed to reduce the impact of the illness or disability and assist students to succeed without compromising the inherent requirements, academic integrity or legislation.

PURPOSE

This Access Plan outlines the strategies, adjustments and services assessed as appropriate for a student in accordance with Disability Discrimination Act 1992. It was developed by Accessibility Services with the student and Colleges. The Plan has information that can be adapted as necessary at unit level and aims to encourage student independence.

CONFIDENTIALITY

This information is confidential in line with VU Privacy Policy. It should be passed on to staff directly involved in providing strategies and adjustments. It cannot be made public (e.g. in lectures or tutorials).

STUDENT INFORMATION

Student Name:	Richard Mclean
Student ID:	3932313
Phone No:	0418391532
E-mail:	richard.mclean1@live.vu.edu.au
Course Title:	Doctor Of Philosophy
College:	Other
Campus:	Footscray Park

This student has registered with Accessibility Services (formally Disability Services) and provided appropriate documentation containing information about their health condition or disability and how it may affect their study.

IMPACT IN EDUCATION

Richard's condition affects his ability to concentrate to study, inability to complete tasks on time and subsequent fluctuating symptoms. This invariably diminishes his level and ability to concentrate, retention of information hence his academic performance is affected. He can be lethargic and fatigued to everyday life. Because of these conditions, he cannot put in his best and produce the required out comes and may require extensions and more time to complete assignments/projects.

TEACHING AND LEARNING - STRATEGIES AND ADJUSTMENTS

Due to the nature of the students verified disability the following strategies and adjustments are authorised for incorporation into the student's study program. Adjustments for this student may need to be adapted for, or may not apply to some units. Academic standards and inherent requirements of the course need to be met. Strategies may include inclusive teaching practices.

IMPACTS

- Difficulty completing certain assessments
- Concentration
- Fatigue
- Illness - unpredictable onset

DURATION

- On going

STUDENT RESPONSIBILITIES

- Send this Access Plan to Unit Coordinators early in each Semester

INCLUSIVE TEACHING PRACTICE - ASSESSMENT

- Be lenient with assignment deadlines; extensions to be negotiated with academic
- Longer than usual extensions for assignments may need to be negotiated without further provision of medical certificates

ACCESSIBILITY SERVICES

Accessibility Services team members are available to students and staff if there are questions or concerns about any aspect of the Plan.
